

# Can you play this game—in Hebrew? Of course you can!

## Monopoly (מונופול)

### Rules

Use the standard rules you usually play by, and add these few extra rules:

- After rolling the dice, don't calculate your landing spot and jump there. Instead, "walk" your pawn and count the spaces in Hebrew, as you go.
- Before you play, ask in Hebrew "Is it my turn?" and/or "Is it your turn?" as if you cannot remember whose turn it is.
- When a player asks whose turn it is, answer in Hebrew.
- When a player uses English for any of the above, you can ding that player and make them pay \$10 to the bank pile at the center of the board.
- Use Hebrew exclusively to say these words:

My turn!	<i>to.ree</i>	תורי!
Is it my turn?	<i>to.ree ?</i>	תורי?
Your turn ♂	<i>tor.kha</i>	תורך
Your turn ♀	<i>to.rekh</i>	תורך
